

Hybrid Pepper Hot **PINOCCHIO F1**

Hybrid long “Cayenne” type 30-40 cm.

Mid green to very bright red when full ripe.

Mid early maturity.

Very pungent at red maturity stage.

Good vigor plant, ideal for open field growing, also because of TSW virus resistance.

Fruits with thin walls, easy to dry, very important for processing for powder production.

For hobby market can be harvested with the plant and hanging to dry.

Fruits average weight 50-60 g.

Very good aroma and taste for fresh market consumption.

HR* / IR*: TMV, TSWV.
