

## **Hybrid Pepper Sweet** **CALABRESE F1**

The pepper of the tradition.

3-5 cm thick; 7-9 cm diameter.

Mid-green turning to deep bright red at maturity.

Early variety.

Very thick wall, very firm fruit.

Sweet and juicy with typical flavor & tasty. Ideal for fresh-pickling & stuffing consumption.

Very high production.

Plant good vigor and cover.

Long lasting production thank to tsw virus resistance.

For green house and open field.

HR\* / IR\*: TMV, TSWV.
