

**Hybrid Pepper Sweet**

**UG 1093 08 F1**

**Xcv, TSW (PR-624)**

Half-long Hybrid.

Dark green colour turning to deep yellow. Smooth skin with excellent flesh thickness.

Compact plant, very good both for greenhouse and open field cultivation thanks to the excellent resistances package.

Excellent yielding, that extends over time.

Easy harvest.

Medium size: 8-10 cm X 14 cm.

Resistances: TSW; BSR (*Xantomonas campestris*)
