

Hybrid Squash **RIKA F1**

New squash MULTIVIRUS And PM Tolerant (Eskanderany Type).

Open plant, single stem, easy pick.

Very good fertility and production.

Long lasting harvest.

Light green color, straight cylindrical fruits. 20 – 22 cm length.

Good flower lasting.

Very healthy plant thank to the resistances / tolerance to virus and PM.

IR*: Px, CMV, WMV, ZYMV.
